### Background

Northstar Analytics Inc. contacted Hamilton & Cole after former Director of Enterprise Sales James Carter resigned on March 10, 2025 and announced that he would join Vertex Metrics LLC, a competitor in enterprise analytics software.

Carter managed Northstar's largest enterprise accounts in Franklin and neighboring counties. The client is concerned about customer solicitation, pricing information, and disclosure of its 2025 sales strategy.

### Key Contract Terms

The employment agreement appears to contain a 12-month post-employment non-competition clause within a 50-mile radius of Northstar's Westbridge office, a confidentiality covenant, and a separate 6-month customer non-solicitation covenant.

### Immediate Objective

The client wants an assessment of whether emergency relief is practical before Carter begins work for Vertex on March 24, 2025.
